

## Woman triggered alarm for Civil Defence to report presence of thief in her home

Police managed to arrest the thief while trying to steal from one of the homes connected to Dubai Civil Defence control room through 24x7 Direct Alarm System for Homes installed for life safety protection in the Emirates of Dubai. The Manager of the Directorate General of Civil Defence office, Colonel Rashid Khalifa bin Moasem said "the lady who lives in a home connected to Dubai Civil Defence control room for life safety protection was surprised by the presence of thief in her home. She immediately reported the incident to Civil Defence by using the 24x7 Direct Alarm System for Homes' emergency button. On verification of the alarm from Civil Defence control room, she confirmed that there is a thief in her home. The team was immediately dispatched to arrest the thief."
